* The image represents the general look of the series. Actual product may vary based on options selected.

Standard quick change drill collets for the WES1750 quick change chuck on pistol grip drills. Standard shank drill bits from #50 (0.070 in) to F (0.257 in). 8 stock sizes, custom sizes on request. Made in USA.

WES1625 collets are the standard quick change series. They fit the Wescon WES1750 quick change chuck, which threads onto the spindle of most pistol grip drills, usually a 3/8-24 thread. Load a standard straight shank drill into the collet once, then swap collets in and out without tools as the job moves between hole sizes.

Eight stock sizes from #50 (0.070 in) to F (0.257 in), including #40, #30, #20, #10, 3/16 in and 1/4 in. Custom sizes are available as an option on the product page. Made in USA.

## SPECIFICATIONS

| | |
|---|---|
| **Mount Type** | Quick Change |
| **Chuck Type** | Collet Chuck |
| **Size** | 3/16 (0.1875in) |
