PART NUMBER

WES5801

Wescon WES5801 Double Ended Drill Bar, SF Bushings - 1/2" and 3/4" Double Ended Bushing

Double ended adjustable drill bar, 1/2" and 3/4" OD SF slip/ fixed renewable bushings.

WEBSITE

https://www.wesconusa.com/products/WES5801

A double ended drill bar holds a bushing at each end so one tool covers two bushing sizes. The Wescon WES5801 holds a 1/2 inch OD SF bushing at one end and a 3/4 inch at the other, which covers both common bushing sizes without a second snatch block or steam boat. Clamp through the slot, set the bushing over the hole, lock and drill. Fewer tool changes on the wing, one bar in the kit instead of two. Anodized aluminum, made in USA.

SPECIFICATIONS

Bushing Size	1/2" and 3/4" Double Ended
