The Wescon WES5803 is a left-right swivel drill bar for 1/2 inch or 3/4 inch OD SF bushings. The head pivots side to side, so the bushing can be centered over a hole that is offset from the clamping slot or on an angled surface. Same anodized aluminum body and SF bushing fit as the rest of the WES5800 family. Also sold as a snatch block or steam boat with a swivel head. Made in USA.
