* The image represents the general look of the series. Actual product may vary based on options selected.

The WES5903 has a left-right swivel head for precise drilling over offset or angled holes. It works with WES5501 / 3/8-16 OD and WES5502 / 1/2-13 OD threaded bushings, giving flexibility without sacrificing stability. This high-precision adjustable drill bar, also known as a "snatch block" or "steam boat", is made in the USA from anodized aluminum. Perfect for aircraft sheet metal repair, structural hole alignment, and maintenance tasks where accuracy is critical.

SPECIFICATIONS
