PART NUMBER

WESKIT009

Slip Fit Bushing Kit, 12 Piece - Two Egg Cup Guides and Mini Drill Guide

9 hardened SF drill bushings, 1/2 in OD x 3/4 in, from #40 (0.098 in) to 1/4 in, with anodized aluminum egg cup guides in aluminum and nylon foot plus a mini drill guide. Made in USA.

KIT CONTENTS (13 ITEMS)

Part Number	Description	Qty
WES5723-N	Wescon WES5723 Mini Drill Guide - 3-Leg Heavy Duty Plastic	1
WES5723-2-N	Wescon WES5723-2 Egg Cup Style Drill Guide - 3-Leg Heavy Duty Plastic	1
WES5723-2-A	Wescon WES5723-2 Egg Cup Style Drill Guide - 3-Leg Anodized Aluminum	1
WESSF-32-12-40	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size #40 (0.0980in)	1
WESSF-32-12-30	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size #30 (0.1285in)	1
WESSF-32-12-21	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size #21 (0.1590in)	1
WESSF-32-12-10	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size #10 (0.1935in)	1
WESSF-32-12-1563	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size 5/32 (0.1563in)	1
WESSF-32-12-1875	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size 3/16 (0.1875in)	1
WESSF-32-12-2188	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size 7/32 (0.2188in)	1
WESSF-32-12-2500	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size 1/4 (0.2500in)	1
WESSF-32-12-F	Wescon WESSF Slip/Fixed Renewable Drill Bushing - OD 1/2" - Length 3/4" - Size F (0.2570in)	1

WESKITBOX1	Wescon Kit Case, Type 1	1

9 hardened SF drill bushings, 1/2 in OD x 3/4 in, from #40 (0.098 in) to 1/4 in, with anodized aluminum egg cup guides in aluminum and nylon foot plus a mini drill guide. Made in USA.

The **WESKIT009 Slip/Fixed Renewable (SF) Drill Guide Kit** is engineered for high-volume airframe production, providing assembly lines with complete modularity for any hole preparation scenario. Centered around a trio of specialized SF drill guides - including our standard **Mini-Guide & Egg-Cup with nylon footpiece**, and a **Egg-Cup with a anodized aluminum footpiece -** this kit allows operators to instantly adapt to varying clearances and aircraft skin materials.

By featuring two distinct footpiece materials, production engineers can perfectly match the tool to the exact application. Use **WES5723-2-N (or) WES5723-N** with heavy duty plastic footpiece to guarantee zero surface scoring on delicate clad aluminum and composite panels, or transition to the **WES5723-2-A** with aluminum footpiece for high-heat cycles or heavy-duty metallic structures where maximum stability is required. To complete the setup, the kit includes a 9-piece set of precision **SF drill bushings** (1/2" OD x 3/4" Length), designed for rapid, friction-fit swaps during complex drilling sequences.

Maximum Clearance Versatility: Rapidly switch between standard Egg-Cup profiles and the low-profile Mini-Guide to access restricted airframe sections.
Surface-Specific Interface: Choose between non-marring Nylon or durable Anodized Aluminum footpieces to protect expensive composite and aluminum panels.
Wescon Durability: 100% manufactured in the USA from aircraft-grade materials with heat-treated steel bushings to withstand continuous assembly line use.
